# GRC Structure – Consultancy and Systems

# Threat and Risk Assessment

## Threat Assessment:

- Strategies or pathways used to determine the credibility and seriousness of a potential threat, as well as the likelihood that it will be carried out in the future.

## Risk Analysis:

- A systematic use of available information to determine how often specified events may occur and the magnitude of their consequences.

# Risk Management Process

ISO-31000 – Risk  
Management,

Security Risk  
Management - HB167  
2006

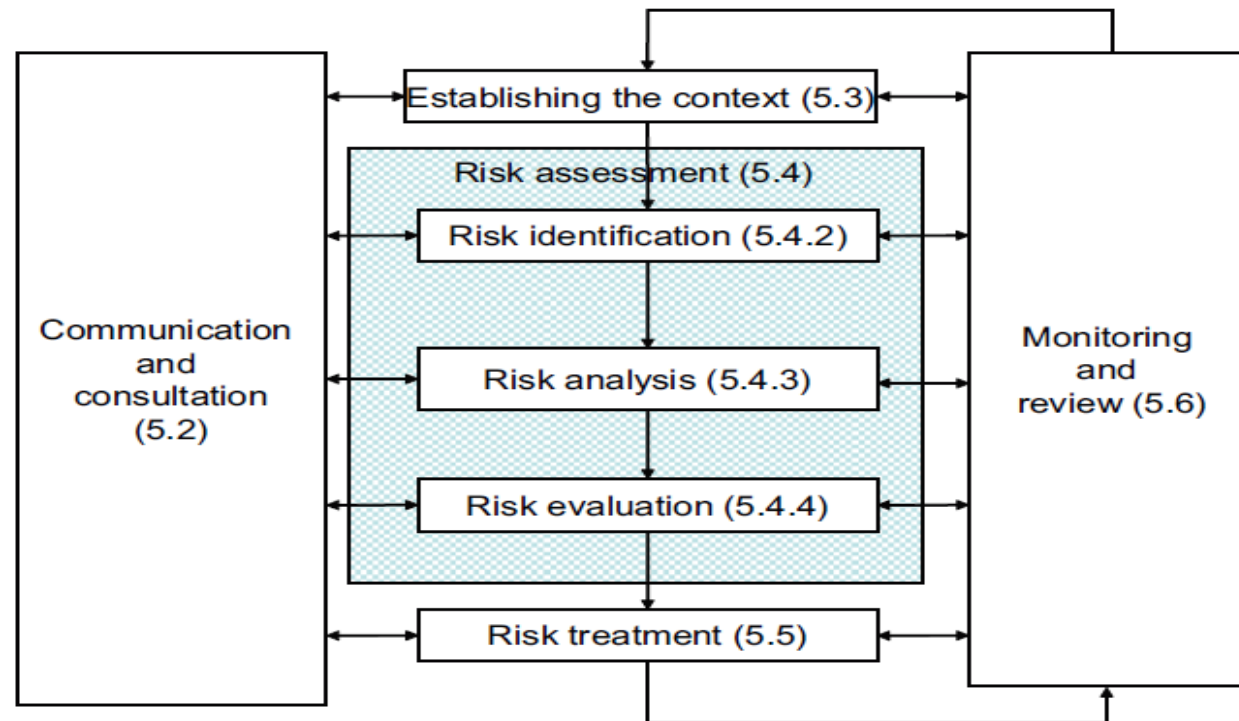

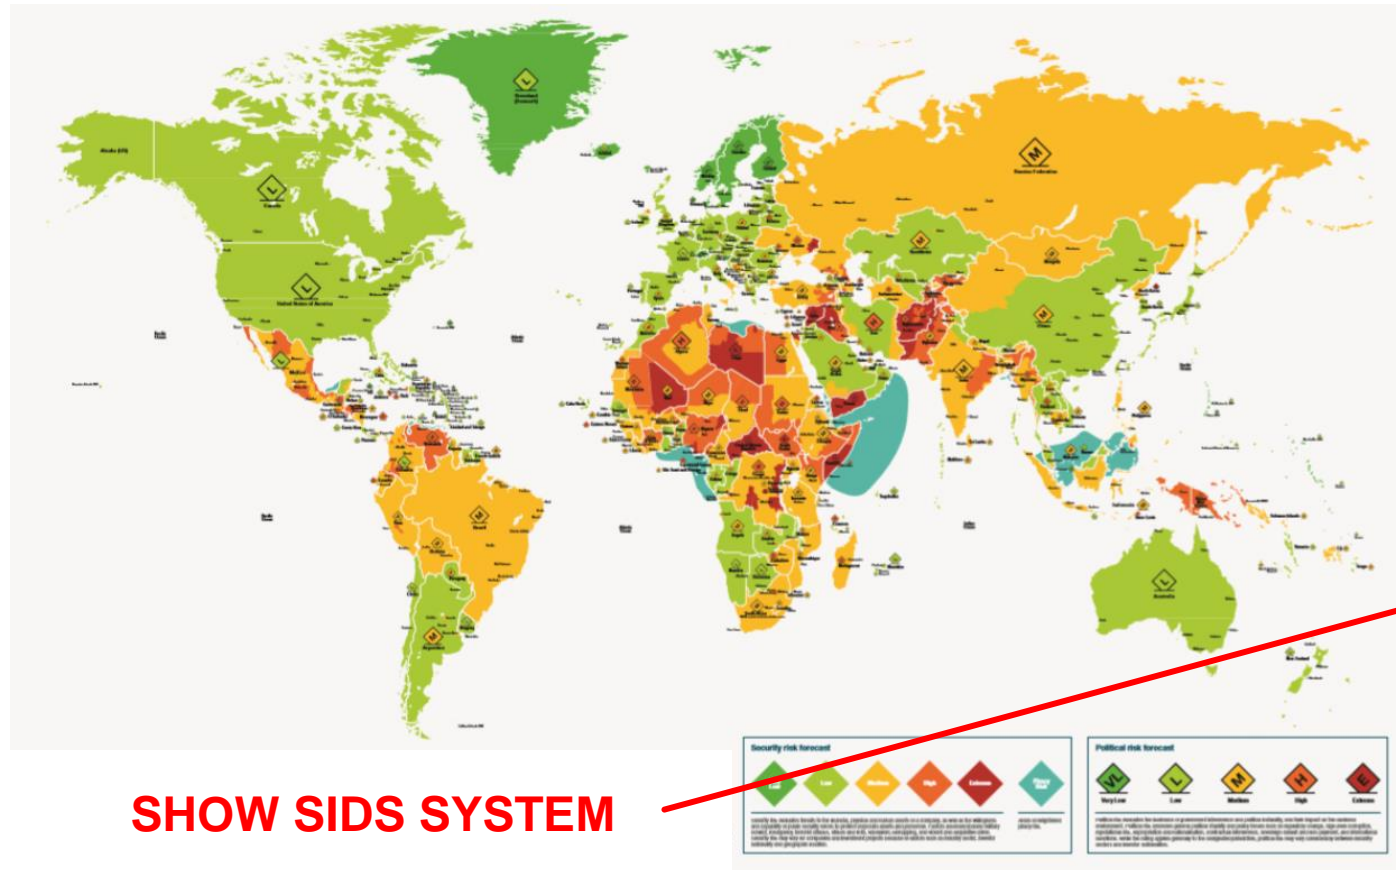

Figure 3 — Risk management process

# Risk Management Cycle

# Global Risk Map - 2019

Risks change on a continual basis – this includes:

- Political Risk
- Travel Risk
- Business Risk
- Security Risk
- Climate Change Risk
- **Criminality Risk**
- Civil Unrest Risk
- Environmental Risk
- Natural Disaster Risk

# Soft Target vs Hard Target

Soft  
Target

Hard  
Target
