

# RISK NZ

RiskNZ is the leading professional association for risk professionals in New Zealand bringing together those people and organisations managing risk. It embraces the vision that New Zealand prospers because risk is well managed.

RiskNZ assists members to develop skills and capability in Risk Management and to stay ahead of current issues.

Our focus is regular connection to share knowledge; build links; encourage research; facilitate professional development; inform public thinking, and influence government, regulatory and business processes to achieve risk management best practice.
