

Annual Membership Fees – 2019/20

It is proposed to set the Annual Membership Fees for 2019/20 as:

- Individual members – \$200 (GST excl) representing a 4.5% increase on prior year
- Corporate members – \$700 (GST excl) representing a 5.3% increase on prior year

The approach and level of increase is consistent with the approach taken in prior years where the Board has proposed a small increase every second year. This approach will be reviewed during 2019/20. The following table sets out the level of fees for the last five years.
