Risk Management for Line 1

RiskNZ

RiskNZ is the leading non-profit association for risk professionals in New Zealand. The Society brings together people and organisations managing risk under the guiding vision that New Zealand prospers when risk is well managed. Our focus is to organise regular opportunities for members to meet and experience a wide variety of professional development and networking opportunities.

The society supports special interests groups, encourages research, informs public thinking, influences government, and conducts other activities to achieve risk management best practice in the private and public sectors.

Training & Development

RiskNZ is proud to partner with Protecht to bring the latest in training and development opportunities.

Protecht helps create the risk leaders of tomorrow by providing risk training that meets people where they are in their risk management journey.

It is an online learning platform that enables delivery of Protecht's risk methodology training to individuals or organisations that is backed by decades of industry experience, an understanding of risk management challenges learned through ongoing engagement with Protecht customers and the risk community, and a commitment to high quality training materials.

Protecht Academy courses are broken down into two Catalogs:

Organisational Risk Excellence

Primarily intended for groups and organisations

Risk Management Mastery

Aimed at individuals or for teams looking to up-skill in a specific area.

Risk Management for Line 1

In this course, David Tattam, Chief Research and Content Officer at Protecht, covers essential risk management concepts and provides practical training on how Line 1 can excel in their role and contribute to effective risk management.

For risk management to be effective, it needs to be embedded as part of day-to-day activities – not something separate.

In this training we cover the role of Line 1 in risk management, what 'Line 1' really means, the key risk management processes Line 1 may be involved in, and the skills and behaviours required to achieve organisational objectives.
