

**“People, processes, and
cybersecurity: Closing the
gaps in risk management”**

A close-up photograph of a young boy with light brown hair, looking slightly to the left with a thoughtful or concerned expression. He is wearing a white t-shirt and a purple knit sweater. The background is dark and out of focus.

I SEE CYBER RISKS

EVERYWHERE

Stay home.

Break the chain

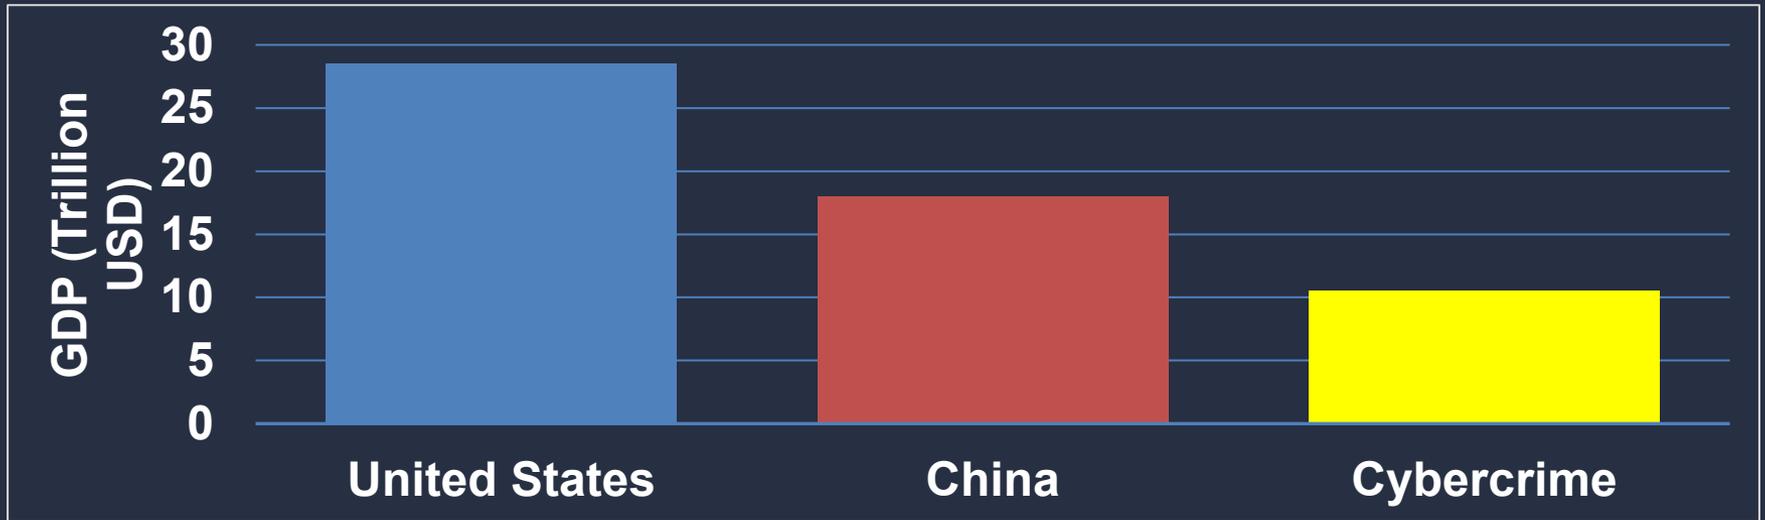

of transmission

of viruses

Cybercrime: The World's 3rd Largest Economy

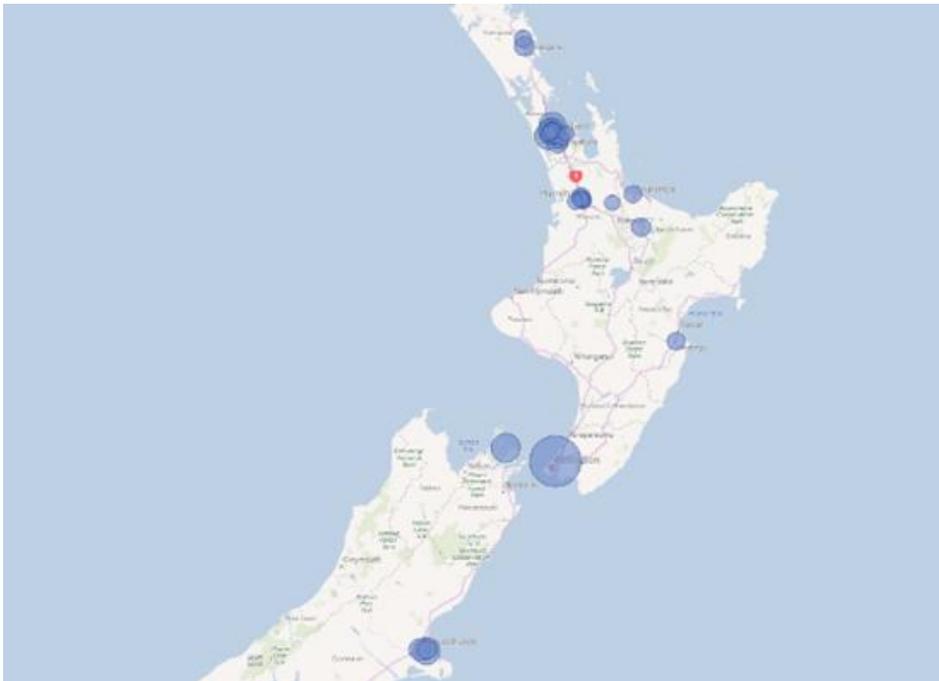

If cybercrime was a country, it would be the 3rd largest economy in the world.

*Data source: Cybersecurity Ventures, World Bank

Escalating Global Cost of Cybercrime

Cyber Threats Are Escalating in Aotearoa

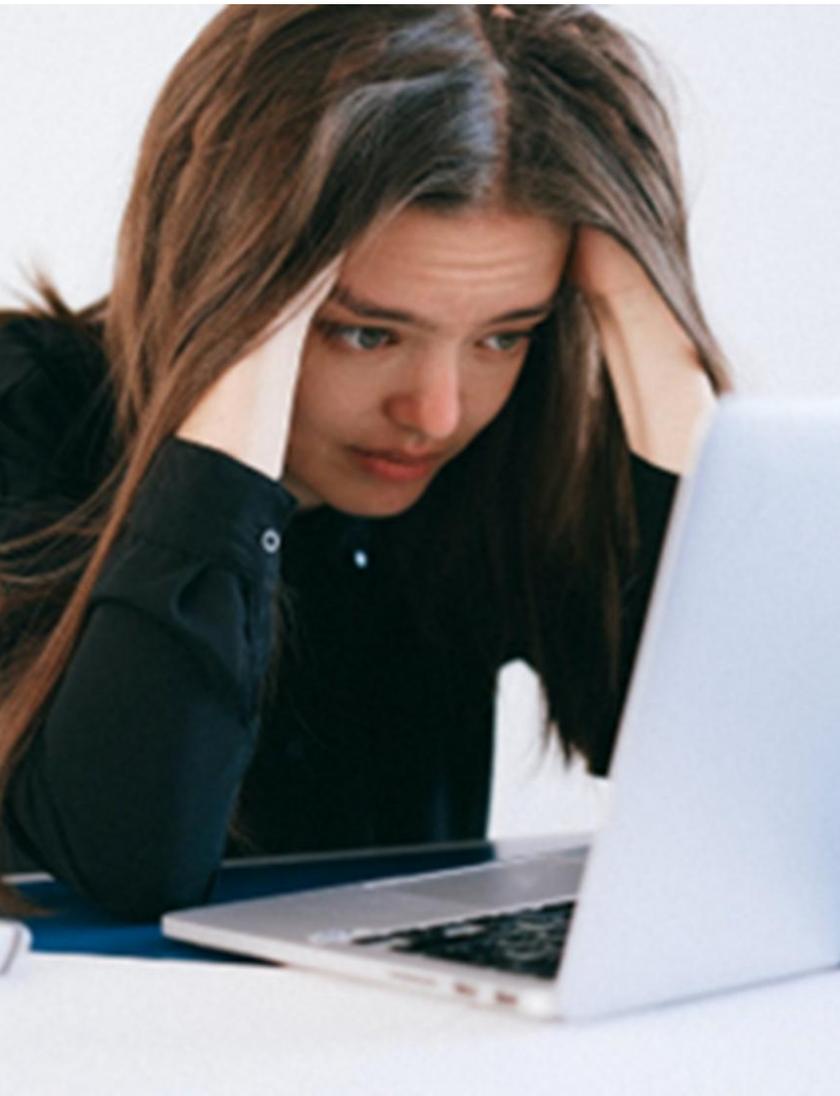

Cybercrime in NZ (Last Quarter):

- 14.7% quarterly increase in financial loss
- \$7.8 million in financial losses
- \$1million up on the quarter prior
- **Incident Reports:**
- 1369 incidents were reported.
- 77 incidents were triaged for specialist support

Cyber Resilience

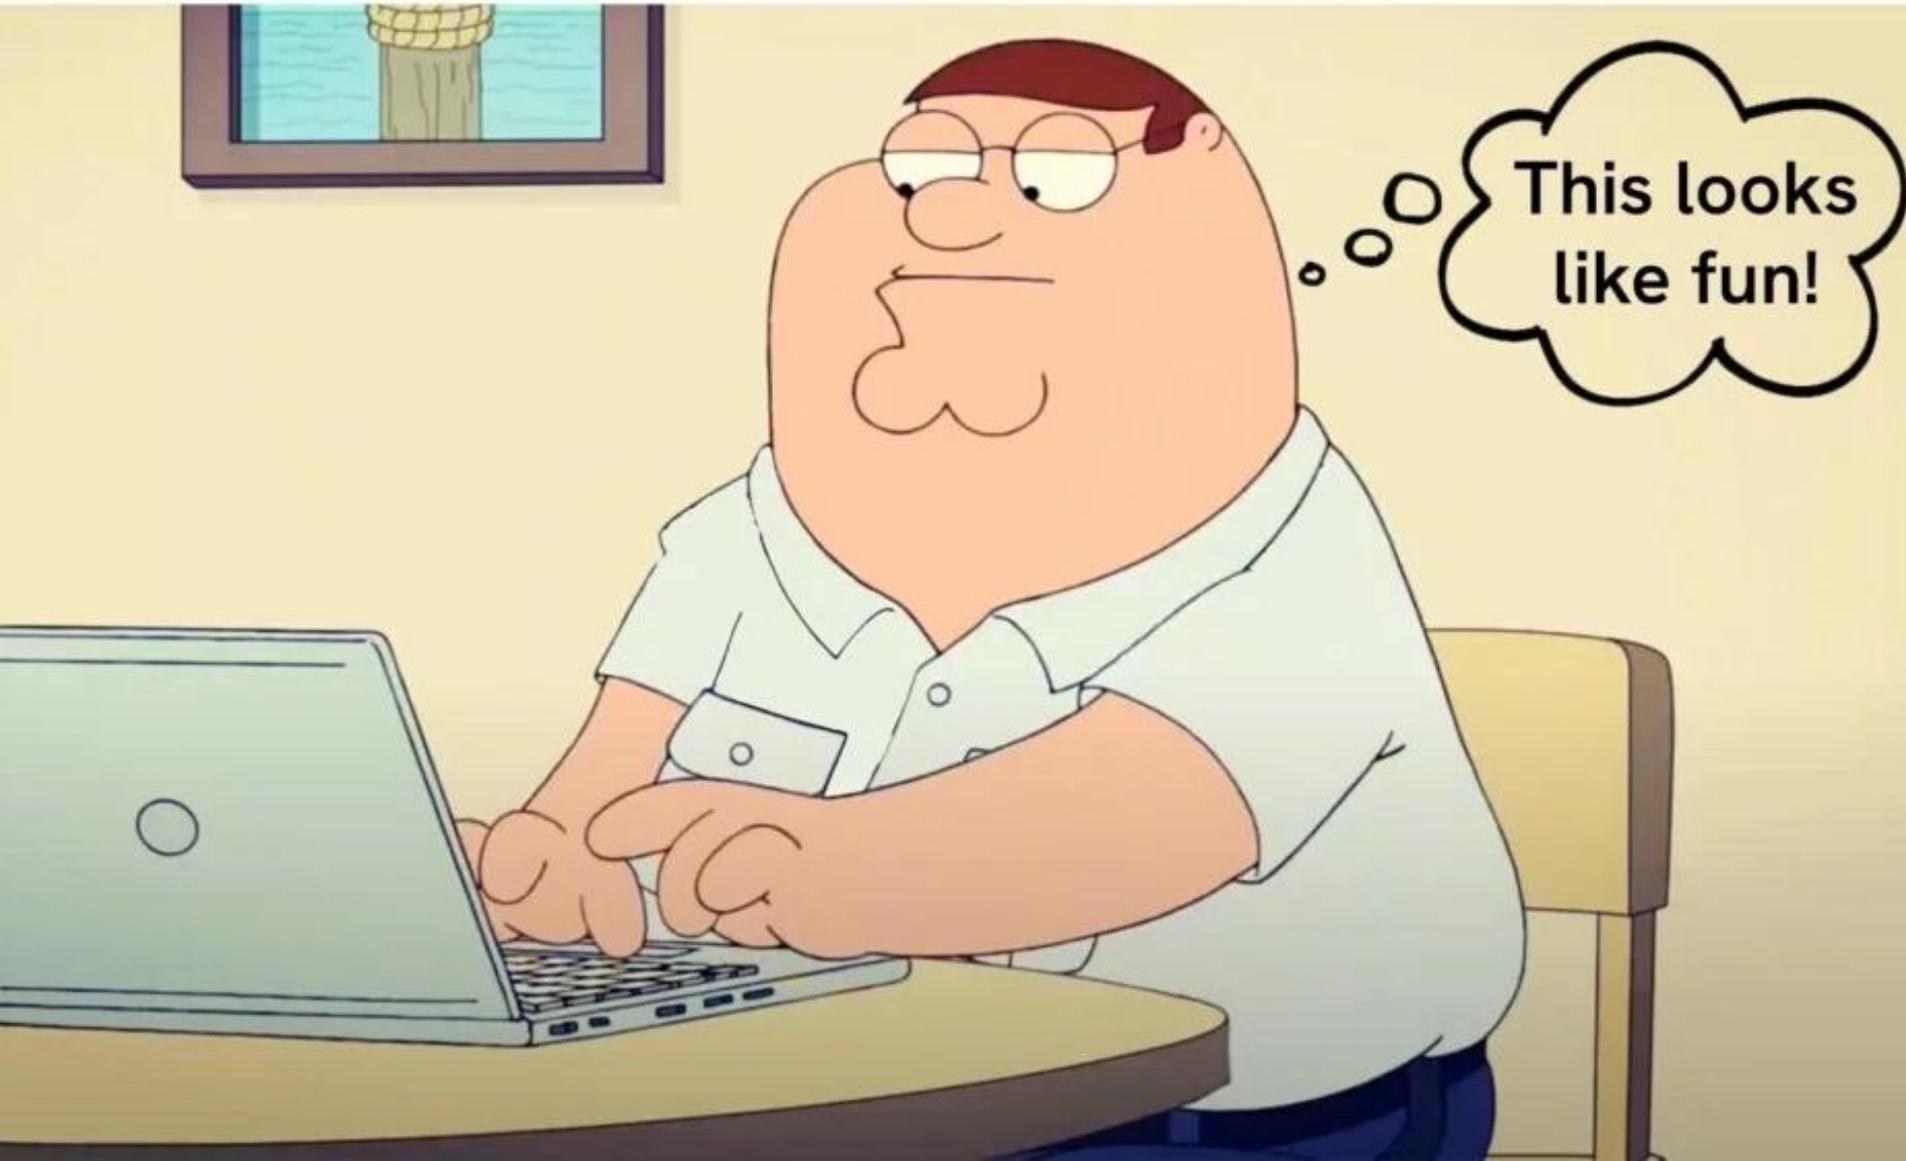

The Human Element: Your Greatest Strength and Biggest Risk

Over 80% of cyber attacks are caused by humans.

**When you think you've closed all the security gaps,
but your employee clicks on a phishing email!**
